**“DIANE” PRESENTED TO NORTH CENTRAL** Community Action Program with a notice to pay or vacate. She has three children under the age of ten. Diane had always been supported by her fiancé. Her fiancé turned abusive and ended up going to jail. Diane was now a single mom with three young children. NCCAP was able to assist her with completing an application for subsidized housing. Diane and her children were able to move into affordable housing. NCCAP helped Diane connect her to FoodShare Employment & Training and Childcaring, Inc.
