

HEALTH

Supportive Community Health Services

**HELP
GUIDE**

GOAL: IMPROVING QUALITY OF LIFE FOR A SPECIFIC POPULATION WITH AN IDENTIFIED NEED.

LOCAL RESULTS:

Since 2008, south Wood and Adams Counties residents have saved
\$553,687
on prescription costs using FamilyWize.

12,500

Help Guides will be distributed in south Wood and Adams Counties in 2020.

710

volunteers utilized the Volunteer Center to make a difference in the community in 2019.

\$127,750 INVESTED
IN PARTNER PROGRAMS

SUCCESS STORY:

ASSOCIATION OF ALL HANDICAP CITIZENS provides socialization opportunities for adult members of the community with special needs. Volunteers for the group help support and sponsor monthly dances, fishing experiences, field trips to the ballpark and bowling alley or social visits. "Mary" attends the dances regularly. Each time she arrives, she greets each volunteer with a big hug, feeling as if they're all one big "family." "John" also likes to attend the dances. He specifically asked if one of the volunteers, "the tall girl that always gives me extra popcorn" would visit him at his resident facility. The volunteer was overwhelmed with emotion that this man she had recently met through the Association would be so excited by the opportunity for a personal visit.

SUPPORTING INFORMATION:

31 families received respite care services in 2019 through a United Way partner program.

516 volunteers raked 80 yards during United Way's annual Day of Caring event in 2019.

1,564 patients received dental care in 2019 through a United Way Partner Program.
